

what we can do while the President and his border czar Vice President HARRIS continue to turn a blind eye to what is going on in Texas. Throwing taxpayer dollars at a smartphone app that facilitates border crossing appointments for migrants is not going to cut it. We need the President and Vice President to do their jobs and enforce the laws that keep our country safe.

Step out of the White House, President Biden, and take a look at what is happening. When you say you travel to the border, go to the border.

The administration continues to release thousands of migrants into the United States each and every month, holding onto the pipe dream that they will voluntarily show up in court next year. And there are thousands more "got-aways" who continue evading Border Patrol and entering this country illegally.

The President needed to deal with this mess yesterday. It is far past time for this administration to show us some recognition that the President understands how dangerous this is. Time is up for President Biden to move past the photo ops and to reach across the aisle to find serious solutions.

Maintaining our national security should not be a partisan goal. It should be an American goal. Neglecting our border means more drugs brought into our country, more women and children facing a life of sex trafficking, and more threats to the security of our Nation.

Let's get our border security bills passed and deal with the situation once and for all.

I yield the floor.
